

35300 Glendale Street, Livonia, MI 48150

To whom it may concern,

March 25th, 2020

This notice is to inform that 4M Industries, Inc., is deemed Essential Critical Infrastructure Workforce per the US Government Director of the U.S. Cybersecurity and Infrastructure Security Agency (CISA) Memorandum for Defense Industrial Base. Our employees are deemed Critical Infrastructure Workers necessary to enable our continued operation as a supplier to the DEFENSE INDUSTRIAL BASE.

Our hours of operation run Monday to Saturday from 6am to 5:30 am within two shifts.

If you have any concerns about any of our employees please do not hesitate to contact us.

Respectfully,

A handwritten signature in black ink, appearing to read "Allen J. Marsh".

Allen J. Marsh

President

4M Industries, Inc.

Phone (734) 762-7200

Reference Info from the State of Michigan Executive Order No. 2020-21 (Stay at Home Order):

Sec 8. (Page 5) For purposes of this order, critical infrastructure workers are those workers described by the Director of the U.S. Cybersecurity and Infrastructure Security Agency in his guidance of March 19, 2020 on the COVID-19 response (available [here](#)). Such workers include some workers in each of the following sectors:

(n) Defense industrial base.

Sec 9 (b) 6. (Page 6) Businesses, operations, suppliers, distribution centers, and service providers must make all designations in writing to the entities they are designating, whether by electronic message, public website, or other appropriate means. Such designations may be made orally until March 31, 2020 at 11:59 pm.

MEMORANDUM FOR DEFENSE INDUSTRIAL BASE

SUBJECT: Defense Industrial Base Essential Critical Infrastructure Workforce

The Defense Industrial Base (DIB) is identified as a Critical Infrastructure Sector by the Department of Homeland Security. The DIB sector is defined as the worldwide industrial complex that enables research and development as well as design, production, delivery, and maintenance of military weapons systems/software systems, subsystems, and components or parts, as well as purchased services to meet U.S. Military requirements. The attached Department of Homeland Security memorandum dated March 19, 2020, identifies the essential critical infrastructure workers during COVID-19 response emergency, and provides guidance to State and local officials as they work to protect their communities while ensuring continuity of functions critical to public health and safety as well as economic and national security.

Consistent with the President's guidelines: *"If you work in a critical infrastructure industry, as defined by the Department of Homeland Security, you have a special responsibility to maintain your normal work schedule."* The Essential Critical Infrastructure Workforce for the DIB includes workers who support the essential products and services required to meet national security commitments to the Federal Government and the U.S. Military. These individuals, include, but are not limited to, aerospace; mechanical and software engineers; manufacturing/production workers; IT support; security staff; security personnel; intelligence support, aircraft and weapon systems mechanics and maintainers; suppliers of medical supplies and pharmaceuticals, and critical transportation. These include personnel working for companies, and their subcontractors, who perform under contract to the Department of Defense providing materials and services to the Department of Defense and government-owned/contractor-operated and government-owned/government-operated facilities.

Companies aligned with the essential critical infrastructure workforce definition are expected to maintain their normal work schedules. Everyone should follow guidance from the Centers for Disease Control and Prevention as well as State and local government officials regarding strategies to limit disease spread. If your contract or subcontract supports the development, production, testing, fielding, or sustainment of our weapon systems/software systems, or the infrastructure to support those activities, are considered Essential Critical Infrastructure. If your efforts support manning, training, equipping, deploying, or supporting our military forces, your work is considered Essential Critical Infrastructure. If you are performing such tasks as providing office supplies, recreational support, or lawn care, they are not considered part of the Essential Critical Infrastructure Workforce. We will continue to assess the conditions as the COVID-19 situation evolves.

We need your support and dedication in these trying times to ensure the security of this Nation. I understand that this national emergency presents a challenge and we are dedicated to working closely with you to ensure the safety of the workforce and accomplishments of the national security mission.

A handwritten signature in black ink, appearing to read "Ellen M. Lord". The signature is fluid and cursive, with the first name "Ellen" and last name "Lord" clearly distinguishable.

Attachments:
As stated

Essential Critical Infrastructure Workforce

FINANCIAL SERVICES

- Workers who are needed to process and maintain systems for processing financial transactions and services (e.g., payment, clearing, and settlement; wholesale funding; insurance services; and capital markets activities)
- Workers who are needed to provide consumer access to banking and lending services, including ATMs, and to move currency and payments (e.g., armored cash carriers)
- Workers who support financial operations, such as those staffing data and security operations centers

CHEMICAL

- Workers supporting the chemical and industrial gas supply chains, including workers at chemical manufacturing plants, workers in laboratories, workers at distribution facilities, workers who transport basic raw chemical materials to the producers of industrial and consumer goods, including hand sanitizers, food and food additives, pharmaceuticals, textiles, and paper products.
- Workers supporting the safe transportation of chemicals, including those supporting tank truck cleaning facilities and workers who manufacture packaging items
- Workers supporting the production of protective cleaning and medical solutions, personal protective equipment, and packaging that prevents the contamination of food, water, medicine, among others essential products
- Workers supporting the operation and maintenance of facilities (particularly those with high risk chemicals and/or sites that cannot be shut down) whose work cannot be done remotely and requires the presence of highly trained personnel to ensure safe operations, including plant contract workers who provide inspections
- Workers who support the production and transportation of chlorine and alkali manufacturing, single-use plastics, and packaging that prevents the contamination or supports the continued manufacture of food, water, medicine, and other essential products, including glass container manufacturing

DEFENSE INDUSTRIAL BASE

- Workers who support the essential services required to meet national security commitments to the federal government and U.S. Military. These individuals, include but are not limited to, aerospace; mechanical and software engineers, manufacturing/production workers; IT support; security staff; security personnel; intelligence support, aircraft and weapon system mechanics and maintainers
- Personnel working for companies, and their subcontractors, who perform under contract to the Department of Defense providing materials and services to the Department of Defense, and government-owned/contractor-operated and government-owned/government-operated facilities
